

#372 - Executive Journal A Case History

The #372 Executive Journal was the perfect choice for the Leonard State College orientation. They were able to totally customize the outside cover with the school name and logo, while the inside cover featured a handy campus map and orientation agenda.

The journal features 32 lined pages for lots of notes, yet it is thin enough for students to keep in a binder, their backpack or desk drawer for future reference.

Fully customized front and back covers (both inside and out) with lined pages
